Dear Honorable Kiel,

I am in Essex County Correctional Facility. I volunteered for Protective Custody not knowing we were in lockdown for 22 hours per day. For the last seven days I have requested the Sargeant and everyone on staff to place me in Population. <sup>this has not been granted</sup> There has been no exact date. I would like the opportunity to work on my case, use the law library, speak w my attorney, <sup>family</sup> etc. Can you please grant this request and advise the jail accordingly?

Respectfully,  
Jose Torres *Queja*
